What’s Up at IARC?

Announcements

- Faculty and students, are you looking for a science outreach opportunity to talk about your research and engage the community? Contact Yuri.

- Funds available from the office of the Vice Chancellor for Research during FY16 for UAF faculty, staff and students who are publishing their work in peer-reviewed journals, but who do not have other funding sources available to cover publication fees. Publication awards will not exceed $1000 for a single article. Eligibility for this award will be that the first author of the article be a UAF faculty, staff, or student member. Please see Hajo Eicken's email dated December 11, 2015.

- Meridian Institute announces position openings for Project Assistants within the Meridian Fellowship Program—an opportunity for recent college graduates to work on varied and highly complex public policy issues. Contact Jennifer Brassanini for questions about the Fellowship or application process. Deadline February 5.

- The 2016 IARC Summer School will take place from July 11-23, 2016. Students and early-career scientists are encouraged to apply. Deadline February 15.

- The Boys & Girls Club of the Tanana Valley is implementing a program in Spring 2016—volunteer mentors will serve as positive role models for youth in the community to ignite their interest in science, technology, engineering and math (STEM). Contact Sylvia Hutchinson (907-457-5223) for more information.

- Opportunities to get involved in the ASSW/AOS/SAO extravaganza in March! See Hajo Eicken's email sent to all on Friday, September 11, 2015. ASSW/AOS Registration is open.

IARC or UAF Events/Workshops/Presentations

- Monday, January 18, Alaska Civil Rights Day (no classes, most offices closed)

- Friday, January 22, 12:00p.m. – 1:00p.m., Akasofu 407 (in person) or online, January 2016 National Weather Service Alaska Climate Forecast Briefing, Rick Thoman (NWS)

Accomplishments

- Papers published:

Stories on IARC

- IARC’s Vladimir Alexeev talks about Arctic warming and sea ice loss and their impacts on the European and North American climate
Upcoming proposal deadlines

For proposal preparation contact Erin Albertson (474-5366), Pre-Award Manager Office of Proposal Development (OPD)
- All pre-proposals (NOIs, LOIs, white papers, pre-applications, etc.) will now require a UAF routing form complete with signatures of all PIs, Co-PIs, and departmental signers (fiscal/Dean/Director)
- To clarify the pre-proposal procedures at UAF read further
- Any pre-proposals requiring the identification of an estimated funding amount will require a full budget and budget justification

Office of Grants & Contracts Administration (OGCA) subscribes to a service that maintains an updated synopsis of grant opportunities from various agencies. The SPIN system is really easy to use and provides information on a variety of funding opportunities available to researchers. For assistance with SPIN, contact OGCA.

- NSF Dear Colleague Letter: Prediction of and Resilience Against Extreme Events (PREEVENTS), all inquiries regarding this Dear Colleague Letter and/or the envisioned future for PREEVENTS should be directed to the PREEVENTS Management Team

- NSF Major Research Instrumentation Program (MRI) (NSF 15-504), UAF is permitted to submit up to three proposals to NSF, of which only two may be for instrument acquisition. A 30% cost sharing is required and the VCR office has up to $250,000 available in match funds, deadline January 18

- Arctic-Yukon-Kuskokwim Sustainable Salmon Initiative (AYK SSI) - 2016 Invitation to Submit Research Proposals. Under the 2016 Invitation, up to $1.9M is available for funding of research projects addressing the region’s declined Chinook salmon populations, deadline January 25

- NOAA Fisheries Sea Grant Fellowships for PhD students in Fisheries Population Dynamics and Marine Resource Economics. Contact Ginny Eckert, Alaska Sea Grant associate director, or Michele Frandsen, research coordinator, for more information, deadline January 29

- NASA Earth and Space Science Fellowship (NESSF) Program, call for graduate fellowship proposals for the 2016-2017 academic year. Submission instructions are located at the NESSF 16 solicitation index page, deadline for NEW applications is February 1, for RENEWAL applications March 15, 2016

- The 2016 Global change Student Research Grant Competition, guidelines, deadline February 5
North Pacific Research Board, 2016 Graduate Student Research Awards, now accepting proposals at their new on-line submission system. Six or more qualified master’s or doctoral students for awards of $25,000 each; notification May 2016. Funds may be used for graduate student stipend and standard benefits, tuition or required university fees, research-related travel, supplies and laboratory analyses, deadline for application February 12

NIH COBRE (Centers of Biomedical Research Excellence) program (PAR 14-035) RFA limited submission white papers, UAF is permitted to submit one proposal as an institution. White papers are limited to three pages of text, one page budget, and one additional optional page for figures or tables. Research units are permitted to submit any number of white papers, but only one proposal by any principal investigator. Deadline February 15 (selection of the proposal team by March 1, pre-proposals due to NIH in January, 2017).

Alaska Sea Grant Knauss Marine Policy Fellowships, graduate students with an interest in ocean, coastal, or Great Lakes resources and in national policy decisions affecting resources will receive a year of paid experience in Washington, DC, more information and application instructions are here, application deadline is February 12
  - NSF Chemical Oceanography Program, deadline February 15
  - NSF Ocean technology and Interdisciplinary Coordination, deadline February 15
  - NSF Physical Oceanography, deadline February 15
  - NSF Biological Oceanography, deadline February 16

Marshall Space Flight Center offering Faculty Fellowships for qualified STEM faculty at U.S. colleges and universities to conduct research with NASA colleagues during a ten-week residential program in Huntsville, Alabama (June 6 – August 12), deadline February 16

National Academy of Sciences, Engineering and Medicine, Gulf Research Program (GRP), two open funding opportunities (Early-Career Research Fellowship & Science Policy Fellowship), deadline February 17

Alaska NSF EPSCoR Seed Grants Application Period open, proposals due February 26

NASA, Ocean Biology and Biogeochemistry, ROSES-15 Amendment 33: Release of final text for the Ocean Biology and Biogeochemistry program in Program Element A.3. Notice of intent due January 7, proposal deadline March 3

DoD Strategic Environmental Research and Development Program (SERDP) Exploratory Development program (SEED), resource conservation and climate change, deadline March 8
